color keypads

So many possibilities
right here on the edge of your spa!

in.k800
10 keys, large color display, menu-driven interface.

in.k500
7 keys, color display, menu-driven interface.

Full color display
With their bright, full color display, Gecko's in.k800 and in.k500 keypads provide the ultimate user experience with their screen's high resolution that brings spa user interfaces to a new level. Loaded with a large amount of memory and a powerful on-board processor, we have created the seamless graphic interface that spa users have been waiting for.

Integrated audio control
Easy-to-use audio gets even easier when you combine the Color Series with the in.stream system. Play, pause, control volume, track changes and more, all on one screen. Listen to music in your spa, stress free.

Water care selection
Save time and money with preset water care schedules, giving you options for any situation, from when you're away from home not using your spa every day, to when you just want to save energy. Setting up your own schedule is also a breeze.

GECKO ®

color keypads
intuitive color keypad
